Follow-up Student Survey (4 - 12)

School on Wheels is conducting a survey with all students in our program. The purpose of this survey is to explore the impact the School on Wheels program has on the students we serve. The results of the surveys will be used to make improvements to our programs and to generate support for our students. **This survey is voluntary. Student names are collected for the purpose of comparing survey results over time. All answers will remain anonymous beyond the individuals analyzing the data.**

The survey administered today is the follow-up survey for the student to complete three months after the initial survey.

Please answer every question to the best of your knowledge. This is not a test, and there is no right or wrong answer.

Let your tutor know when you are finished.

Thank you for participating in our survey and the School on Wheels tutoring program!

I understand the above information and am willing to complete the survey.
